EDUCATION

Grambling State University

May 2027

Bachelor of Science, Computer Science & Cybersecurity

3.92 GPA

Awards: Presidential Scholar, New Seasons Youth Program Scholar

Relevant Coursework: Discrete Structures, Foundations of Cybersecurity, Introduction to Computer Science, Calculus I

SKILLS AND CERTIFICATIONS

Programming Languages: Python, HTML/CSS, Javascript, C++

Technologies/Frameworks: Bootstrap, Git, Github, Visual Studio Code, Microsoft Excel

Certifications: IBM Getting Started with Threat Hunting and Security Intelligence (October 2023), IBM Artificial Intelligence Practitioner (December 2023)

Relevant Skills: Data Analytics, Database Management, Open-Source Contribution

PROJECTS

Portfolio | [Github](#)

HTML | CSS | Javascript | Git

- Built a user-friendly web application that displays all my information, including skills, education, and projects.
- Utilized complex HTML and CSS and Javascript techniques, ensuring simplicity, elegance and user experience.
- Ensured usability across multiple platforms and devices by ensuring site responsiveness.

Task Management System | [Github](#)

HTML | CSS | Javascript | Git

- Implemented a website that lets users create and manage their tasks, helping them stay organized effortlessly.
- Utilized HTML for structure, CSS for styling, and JavaScript for interactivity, ensuring a seamless experience.
- Enhanced user experience by adding motivational quotes, and features such as task deletion, and completion.

YouTube Video Downloader | [Github](#)

Python | Tkinter | Pytube | Git

- Created a simple desktop application enabling users to download YouTube videos at no cost for offline viewing.
- Utilized Tkinter to construct a Graphic User Interface and integrated Pytube library to fetch data from YouTube.
- Enhanced user-friendly experience by file download name customization and modification of viewing quality.

EXPERIENCE

Website Administrator

March 2021 – November 2022

The Redeemed Ambassadors Church of Nations

Remote

- Assigned user roles for contributors, enhancing website collaboration and boosting active contributors by 20%.
- Communicated with developers to effectively resolve over 10 technical issues and bugs affecting operation.
- Empowered 7 website contributors to effectively use the website's features through comprehensive training.

Purchasing Officer

March 2024 – Present

Grambling State University Purchasing Department

Grambling, LA

- Handle requisitions and purchase orders for all campus departments, increasing office efficiency by over 30%.
- Analyzed past expenses for multiple departments, providing reports on budgets and financial management.
- Allocated millions of funds across multiple school accounts, optimizing cost-effectiveness for the institution.

AFFILIATIONS & EARLY CAREER EXPLORATION PROGRAMS

Thurgood Marshall College Fund | MetaScholar

Remote | March 2024 - Present

- Selected by TMCf to gain hands-on experience in web3, blockchain, and other immersive technologies.

Accenture | Student Leadership Program

Remote | February 2024 – Present

- Participated in a selective program of about 100 students across the US to learn about Accenture, professional development, and prepare scholars for a career in technology, while working closely with a mentor.

Ernst & Young | Expedition EY

Remote | February 2024 - Present

- Invited to participate in a series to enlighten the next generation of professionals about the technology industry.

Bloomberg | Summer Accelerator School

Remote | June 2023

- Invited by Bloomberg for software engineering workshops on data structures, algorithms, and live coding.

Goldman Sachs | HBCU Possibilities Summit

Remote | January 2024 - February 2024

- Selected to participate in a virtual series to empower HBCU students on the financial technology industry.

HeadStart | National Society of Black Engineers | ColorStack | Association for Computing Machinery
